** Districts with Students Like Ours are districts with Poverty Indices of no more than 5% above or below the index for this district.

NAEP*

* Performance reported for SC and nation, data not available at school level. Percentages at NAEP Achievement Levels.

SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF SUPERINTENDENT

Dear parents and community members:

The 2009-2010 school year was another successful one for School District Five of Lexington and Richland Counties. I'm very proud to be a part of this phenomenal district. Our staff, community, and local business professionals all work together to ensure that our students receive superior educational experiences.

Excellent examples of our outstanding students include our recent graduates. More than 1,200 students graduated from our school district in 2010. Of those graduates, more than 85 percent are pursuing postsecondary educations. The classes of 2010 also earned more than \$65.7 million in scholarship offers.

During the 2009-2010 school year, we began the process of renovating and updating several of the oldest facilities in our district. The parking lot and bus loop of Leaphart Elementary was redesigned, providing a safer area for the school. In addition, the construction of a new wing at Leaphart began, as well as the addition of much needed classroom walls at the school. Chapin Elementary opened a new kindergarten wing and saw other renovations and improvements at the school, such as new lighting, HVAC systems, and more. The school board approved designs and construction plans for the renovation of Chapin High, as well as plans for a new high school and Career and Technical Education Center. In addition, an option to purchase land for the construction of a new elementary school is being finalized. It is not acceptable for students to receive their educations in over-crowded or out-dated environments, and we are very excited about these projects and the opportunities they will provide our students. The costs of many of these projects have come in under budget, which results in a savings for our taxpayers.

In 2009-2010, our school district, as well as others across the state, faced a very challenging budget year. We anticipate the next two years to be even tighter on our budgets and we appreciate the support the community has provided to us throughout this difficult process. I assure you that we will continue to put our students' educations first and will maintain the high-quality teaching and learning standards that our district is known for.

Again, thank you for the support you provide our school district. This is a great place to be!

Sincerely,
Herbert M. Berg, Ed.D., Superintendent
